

Social contribution activities of the ROHM Group

The ROHM Group considers always being in conversation and cooperation with local society and residents as its motto, and actively takes part in local community activities.

Yukuhashi Summer Festival "Kosumotsupe" (ROHM Fukuoka)

ROHM participates in the colorful paper lantern procession on the mountain parade through Yukuhashi City, and make appeals for enthusiasm. ROHM also takes part in the refreshment stands at the festival grounds (eighty businesses participate), and supports this city event as a core member of the festival.

(8.23.2008)

Protecting horseshoe crabs: Refresh Seto Inland Sea Coast Cleaning Project (ROHM Wako)

Representatives of the company employees participated in the seacoast cleaning project. The representative members from ROHM Wako cleaned the seacoast in the vicinity of the horseshoe crab museum. ROHM will continue to make greater efforts toward environmental beautification.

(7.28.2008)

Tree planting activities to help prevent global warming (REDA)

As one effective means of preventing global warming, a tree planting activity was carried out at the local Tongniuling Park on April 3, 2008 by employees. ROHM was also allowed to post the environmental policies of the ROHM Group at the park in order to display the nature of the company's environmental efforts to society.

(4.3.2008)

Preservation of marine resources and sand beach cleaning activities in cooperation with the navy (RIST)

On November 7, 2008, ROHM participated in a sea turtle release activity as part of the preservation of marine resources, and a cleaning activity on Nang Ram Beach, promoted by the Chonburi Province naval station.

(11.7.2008)

★ Acceptance of an environmental award from PEZA (REPI)

REPI carries out a variety of environmental contribution activities every month, including environmental education for local residents, river cleaning and tree planting activities. Of the many items for examination, dedicated social contribution activities of this kind were evaluated, and ROHM was awarded an environmental prize from the Philippine Economic Zone Authority (PEZA).

Awarded by President Arroyo (4.29.2009)
